Ski Safety Tips

SPONSORED BY MENDHAM TOWNSHIP RECREATION

- Participants using the ALL TERRAIN Park should review the safety video link www.NSAA.ORG/Safety-programs/smart-style. Recommended for moderate to advanced skiers/snowboarders.
- Ski in control. Be able to stop or avoid other people or objects.
- Look at trail maps for slopes suited to your ability.
- Recognize your ability and take lessons to improve.
- Be aware of other skiers - Be courteous and considerate.
- Respect skiers on the beginner slopes and do not ski fast or jump in this area.
- Those ahead of you have the right of way. It is your responsibility to avoid them.
- Use suitable and safe equipment. Have safety bindings checked regularly and wear safety straps to avoid runaway equipment.
- When stopping on a slope, avoid blocking others paths. Move over to the side. You may not be visible from above.
- Check uphill traffic before crossing a trail or when starting out after stopping on a slope. Yield to others.
- Ski with a companion.
- Obey signs and rules of the ski area. Do not ski closed trails or undesignated areas.
- Be aware of markers set down by the Ski Patrol to indicate rocks, roots, bare spots, etc.
- Do not wear loose clothing or flowing scarves. Long hair should be tucked inside a jacket.
- Stop and eat when hungry and rest when tired.
- Respect ski classes in sessions. Do not ski through them or interrupt them.
- Follow lift line procedures posted. Do not cut into lines. If you have not been on the lifts, learn how to load, ride and unload safely.
- Do not ski over others skis.
- Ride the lifts carefully. Do not swing, jump or deface the chairs. Pull the safety bar down and place your skis on the foot rest. Keep ski poles up and carry poles by the shaft.
- Notify the ski patrol of any accidents. Report the exact location. Cross skis on the slope above the injured skier to protect them from other skiers.
- Wear non-breakable sun glasses or goggles.
- Fill in sitz marks. They are a potential danger to others.
